## School News

On October 4, we had our Color Me Fun Run and our assembly. The classes did an amazing job running and donating. Also we had a great performance from the one and only **Zanic!** The assembly was amazing, and we had some great laughs and smiles. The students enjoyed the show, and we'd like to thank our wonderful Booster Club for putting on the event! The School's annual bulb planting occurred on October 18, 2019, and we can't wait to see those beautiful blooms later in the year. The first quarter is coming to an end on October 31, we'll be having an assembly!

## Intermediate News

This month, Mrs. Sivula's 3rd graders are learning to count by tens, and they are also doing subtracting fluency. In ELA they are reading books about reading and education.

In, Mr. Kha's math class, the 6th graders are learning about dot plots, venn-diagrams, histograms, and stem-and-leaf plots. During home-room, Mr. Kha's fifth and sixth graders are learning about how things are made, how to stay healthy, and about the biggest spider in the world! Mr. Kha is teaching Health, Science, and Math to 6th graders.

Unfortunately, we were unable to meet with fourth grade teachers, this month. We hope to hear from them next time!

## Primary News

This month the Kinders had a Halloween Parade and also went on a field trip to the pumpkin patch. In E.L.A and Social Studies, they are learning letter sounds and how to read. They also learned school rules. In math and science, kinders are learning numbers and the life cycle of pumpkins. In art, their main focus was pumpkins.

This month, in first grade. the students started to get to know each other and build a strong community. They worked on the three school rules and rules in different areas. In E.L.A they worked on reading stories and using questions and answers to understand. In math students learned connections in addition and subtraction and number bonds and place value. They learned about plants and animals adaptations. Lastly they did some art based on the character Stella Luna.

In second grade, they worked on base ten in math. In E.L.A they worked on opinion writing and they also started wrapping up their geography. Ms. Loescher is coming in to do art with them.

# All About Ms. Harrington

We were able to interview Ms. Harrington, and here's what we found out.

## Have you always wanted to be a PE teacher?

"Sort of. I actually wanted to be an ELA teacher in middle school."

## What is your favorite subject in school?

"My favorite subjects in school were always ELA/writing & reading."

**What is your favorite holiday?** Her favorite holiday is Thanksgiving, because her birthday is around that time!

**Do you have any hobbies?** Ms. Harrington likes bicycling, playing with her family and going camping.

**Thank you so much to Mrs. Harrington, for the interview!**

# News Around Us

You may know that in the world, there are a lot of ocean clean ups going on. This is because people are not recycling enough, so the plastic waste goes into the ocean. Not only does the trash go in the ocean, but it also ends up in animal habitats. This problem also adds to the problem of current climate change.

Fortunately, there is a small hope that all the trash in the ocean, should be cleaned up by 2025. If we do not change or try to clean up our world, we will destroy it.

# SPORTS

The St. Louis Cardinals won, on October 7th, in their game against the Atlanta Braves. The score was 5-4. The two teams played again on October 9th, and the Cardinals won 13-1. They were the first team in Major League to score ten runs in the first inning. Next, the Cardinals, flew to Washington D.C. The Cardinals have to win the next three games, in order to go to the World Series.
