

Class Website

Internet Address lenox5th6thgrade.weebly.com

Your teachers use our class website to post all daily homework, archived homework, upcoming events, daily schedules, binder documents, online resources, and weekly class news.

We would love to be able to post class pictures on our class website. These pictures could be from assemblies, field trips, class projects, etc. The pictures will never have student names associated with them. Please contact your student's homeroom teacher if you do not wish your student's picture to be used in our class website.
